trapping methods. Our goal is to address coyote sightings, reports, complaints, alleged attacks, and pet/coyote confrontations promptly, ensuring the safety and well-being of the community.

#### Scope of Work:

1. Coyote Trapping: We will employ safe and effective coyote trapping techniques that adhere to the United States "Best Management Practices" trapping guidelines. Our experienced team will strategically place non-lethal traps in shaded, out of sight areas with reported coyote activity and respond to sightings and complaints promptly.

2. Trap Monitoring: We will conduct regular trap monitoring (every 24 hours) to minimize stress on trapped coyotes and ensure their humane treatment. Cellular Trail Cameras will be used regularly to monitor traps and coyote movement. Traps will be checked at appropriate intervals to promptly remove captured coyotes.

3. Documentation: Each captured coyote will be documented with GPS coordinates and photo documentation, providing a comprehensive record of the trapping activities and the effectiveness of the program.

4. Contractor-Client Communication: We will establish clear lines of communication with Southern Grove to ensure that information regarding coyote sightings, reports, complaints, alleged attacks, and pet/coyote confrontations is relayed promptly. This will allow us to respond swiftly to any issues and address them in a timely manner.

#### Costs:

1. Set Up Cost: At the commencement of the project, there will be a one-time set-up cost of \$1,650. This fee covers the necessary equipment, tools, and initial assessment of the area.

2. Performance-Based Cost: In addition to the set-up cost, a performance-based cost of \$190 per coyote caught will be applicable and invoiced at monthly intervals. This fee ensures that our services are aligned with the successful capture and removal of coyotes from the Southern Grove area.

#### Confidentiality:

We understand and respect the importance of maintaining confidentiality and the need for privacy. Therefore, unless specifically requested or authorized by Southern Grove, Treasure Coast Wildlife Trappers will not perform interviews or engage with any news or local media outlets.

#### Contract Duration:

The proposed contract will be valid for one year from the date of signing. At the end of the contract, we can reassess the situation and discuss further requirements for ongoing coyote control if necessary.

We believe that our specific expertise in predator management and dedication to the humane removal of coyotes within suburban environments make us the ideal choice for your wildlife trapping needs. Our team is committed to working closely with Southern Grove to ensure a safe and secure environment for the community.

Thank you for considering Treasure Coast Wildlife Trappers as your preferred contractor for this important project. We look forward to the opportunity to discuss this proposal further and address any questions or concerns you may have. Please feel free to contact us at your convenience.
